Range in the series:
The tasting attendees had to determine the range of the wines in each series.
The sum of all points are in the corresponding "Number of points" column. The final ranking is calculated on account of those points.

Buy / Not buy:
The ratio between BUY and NOT BUY recommendations figures in the very last table column.
12 persons attended to the tasting, 11 ranked the wines. 10 estimated them as recommendable or not.
Therefore we consider a wine with a ratio of at least 5 points as seriously recommendable.
We consider a wine with a ratio between as -2 and 3 as "worth to try it!!".
As a reminder, a wine with a ratio of -2 was liked at the tasting by 4 persons and disliked by 6 ones...
